WATER SERVICES RATES

SYSTEM DEVELOPMENT CHARGE

\$1.25 per gallon of estimated daily usage. Daily usage will be estimated as set forth in the Louisiana Sanitary Code. The system development charges are expressed in a charge per gallons per day (GPD). The projected usage of a particular commercial project shall be determined in accordance with the projected daily flows set forth in the Louisiana Sanitary Code.

Children's themed entertainment facilities which provide food service operations, but which also provide children's entertainment on a regular basis, and which experience great variations in usage due to the use of their facilities for parties and other events, shall have their initial GPD of average daily flow determined at 20 GPD per seat, which is the average of the GPD for an ordinary restaurant (35 GPD per seat) and the GPD for a banquet room (5 GPD per seat).

CONNECTION FEE

\$100.00

This charge is to cover the administration cost of re-establishing service and with reading the meter upon a change of customer where service has previously been established. For customers connecting both water and sewer services the connection fee would be \$100.00 in total.

RE-CONNECTION FEE

\$100.00

This charge is for re-establishing service after disconnection for non-payment, failure to make deposit, fraudulent or seasonal use. For customers re-connecting both water and sewer services the re-connection fee would be \$100.00 in total.

SERVICE CHARGE

\$65.00

This charge shall cover the cost of a company repairman sent to a consumer's premises at the customer's request when the trouble is found to be in the consumer's house piping.
